## DETAILED ACTION

### *Election/Restrictions*

1. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

**Group I, claims 1-2, 5-9, and 11-12**, drawn to a method to produce a modified propylene homopolymer (claims 1-2 and 5-8), a modified propylene homopolymer (claim 9), an adhesive composition (claims 11-12).

**Group II, claims 3-4, 10, 13-14, and 15-18**, drawn to a method to produce a modified propylene copolymer (claims 3-4 and 15-18), a modified propylene copolymer (claim 10), an adhesive composition (claims 13-14).

2. The inventions listed as Groups I and II do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: Group I is directed to a method to produce a modified propylene homopolymer, a modified propylene homopolymer, and an adhesive composition and Group II is drawn to a method to produce a modified propylene copolymer, a modified propylene copolymer, and an adhesive composition. Since Group I refers to a propylene homopolymer while Group II

Art Unit: 1713

refers to a propylene copolymer, there is no common inventive feature shared by these groups.

3. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

4. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
